KUMIHIMO JEWELRY SIMPLIFIED
Learn to Braid with a Kumihimo Disk
Rebecca Ann Combs

Using the cords of their choice and widely available foam braiding disks, anyone can learn to make kumihimo jewelry. Rebecca Combs teaches 5 different kumihimo braids in 24 skill-building projects. New jewelry makers can get started quickly and create braided jewelry using Rebecca’s easy-to-follow instructions and photos.

- Covers 5 weaves: 8-warp basket weave, 8-warp half-round, 8-warp square, 16-warp trapezoid, and 16-warp hollow
- “Creative closures” sections offer finishing techniques that go beyond the typical glue-and-endcap method.
- Conversational tone and helpful hints keep jewelry makers from making common mistakes.

PLAY WITH CHAIN MAIL
4 Weaves = 20+ Jewelry Designs
Theresa D. Abelew

Jewelry makers at every level will find easy and rewarding projects to create and wear. Experienced designer Theresa Abelew teaches readers how to master and elaborate on four classic weaves in 20+ projects of all sizes. It’s an easy, affordable way to get started with chain mail, master four weaves, and make colorful, wearable jewelry.

- Projects use just 4 weaves: European 4-in-1, Byzantine and Box, Rosette, and Helm.
- Handy jump ring chart allows readers to use only a handful of copper and aluminum ring sizes to complete all the projects.
- 20+ projects include earrings, bracelets, and necklaces.
QUICK & EASY STITCHED JEWELRY
20+ Projects to Make
Cathy Jakicic

Designer Cathy Jakicic gives beginners new to bead stitching plenty of projects to make and wear. All of the 20+ on-trend, fashionable projects use readily available materials and include numerous design and color variations. Many can be made in just a few hours.

- Projects all include a stitched element with easy instructions for completing the piece.
- Variations are included for changing the style, adding more colors, or dressing it down.
- 20+ projects are copyright-free for teaching or selling.

I created these projects for both the new stitcher who wants to dip a toe in without committing to a 40-hour necklace, and the more experienced beader who’s looking for project ideas for an afternoon, evening, or the rare lazy weekend.

NEW CONNECTIONS IN CHAIN MAIL JEWELRY
with Rubber and Glass Rings
Kat Wisniewski

Chain mail enthusiasts will find new ways to incorporate sparkling glass rings and flexible rubber rings with the aluminum, silver, and base metal jump rings they already love. The 25 projects include easy-to-follow instructions and alternate colorways, so every jewelry maker will find something new to try.

- Projects combine jump rings with flexible rubber rings and sparkling glass rings.
- Techniques move beyond traditional weaves into Kat’s unique and custom patterns.
- 25 colorful and sparkling bracelets, necklaces, earrings, and pendants.
DISCOVER TORCH ENAMELING
Get Started with 25 Sure-Fire Projects
Steven James

Art teacher, jewelry designer, and popular instructor Steven James introduces 25 all-new projects in this guide to kitchen-table torch enameling. His fun, engaging style teaches readers to make colorful bracelets, necklaces, earrings, and pendants using simple enameling techniques. Readers will learn a few basic metalwork skills along with applying enamel effects. Armed with Steven’s personal mantra, “What are you going to make today?”, readers will be encouraged to get creative, experiment with color, and have fun.

- 25 all-new projects include colorful bracelets, necklaces, earrings, and pendants.
- Basic metalwork skills include cutting, punching, dapping, and riveting.
- Well-planned process enables jewelry makers to get started and succeed quickly.

COLORFUL WIREWORK JEWELRY
Twist, Wrap, & Weave
Kim St. Jean

The ready availability of improved colored craft wire lets jewelry makers experiment with techniques and styles without a large investment in materials and tools. In Colorful Wirework Jewelry, readers will discover 25+ projects that incorporate easy-to-learn, traditional techniques with colored wire. Every project is self-contained, including all the basics and instructions readers need to get started and succeed quickly.

- Techniques include traditional off-jig wrapping, coiling, and weaving.
- Many of the pendant, ring, bracelet, and necklace projects feature crystals and beads, too.
- 25+ projects that showcase colored craft wire, a popular material that’s easy to work with and yields stunning results.

I believe the projects in this book, while appearing to require an advanced skill set, are in fact incredibly simple to produce, offering the reader a high level of success. The reader will not only complete a successful design, but will achieve mastery of the technique.

I started my career as a beader. I went from beading to wire wrapping. For several years I traveled and taught wire wrapping skills involving coiling, herringbone, pinch and twist, Viking knit, and crochet. I’ve combined multiple media with the wire wrapping.
**COOL COPPER CUFFS**

25 Metal and Wire Projects

Eva Sherman

Affordable, plentiful, and easy to work with, copper is the perfect metal for learning and exploring a technique. Discover the ways copper wire and sheet metal can be transformed into stunning cuffs and bangles. The book includes basic wireworking and metalworking techniques, so any jewelry maker can get started and successfully complete the projects.

- Some of the 25 projects include beads, cabochons, crystals, or pearls.
- Projects use standard gauges of sheet and wire, along with common wire and metalworking tools.
- Copper is a forgiving material and allows metal and wire novices to achieve beautiful results.

Cuffs are not for the faint of heart. They’re big, bold, beautiful, wearable works of art. They’re a little in-your-face — just the way I like ’em.

**CREATIVE BEADING VOL. 11**
